# The Man Who Lost Hope

Mr. H. N. Warner, of Minden,

"In 1894 I was attacked with paralysis in my left side. You might stick a pin to the head into my left hip and I would not feel I was unable to do any kind of work and had to be turned in bed. I made up my mind that I could not be cured as I had used all kinds of medicine and had tried many doctors. I was advised to try Dr. Williams' Pink Pills for Pale People, and commenced their use last September. Before I had finished my first box I felt better, and by the time I had used six boxes the disease had entirely disappeared, and I have not been so free from pain since I was a boy. The paralysis also disappeared, and although two months have passed since I finished my last box, there has been no recurrence of the disease."-From the Gazette, Minden, Neb.

Ten arrests were made at Northville on the 25th by deputy sheriffs from Detroit. The men were arrested on the charge of being implicated in the mock lynching affair at Mead's Mills a short time ago, in which Tom Evans, who at present is sojourning at the house of correction, figures as the hero.

On the 24th the thermometer at Bay City registered 88, at Ann Arbor 96, at Muskegon 90, at Kalamazoo 100, at Battle Creek 100, at Saginaw 102, at St. Joseph 95, at Berrien Springs 104, at Grand Rapids 98, at Lansing 94, at Marshall 96, at Gaylord 98, and at Mason 93. Prostrations were reported at Ann Arbor, Battle Creek, Grand Rapids, Lansing and Adrian.

The sugar beet industry is proving a gold mine for the industrious youngsters of Gratiot county. Schoolboys who never earned a dollar before are averaging from \$6 to \$9 a week. One boy, 13 years old, made \$11.20 in one week weeding by the row. The high wages paid for labor in the beet fields have caused an advance of two and three shillings a day in local lumber mills.

A company has been organized in Detroit for the manufacture of automobiles. The wagons will be made from the model invented by Henry Ford, which is claimed to be the most perfect one in the world. By Mr. Ford's machine the power is applied directly to the wheels and thus does away with the chain gear. In fact it will be an oderless, noiseless and perfeetly controllable machine.

Georgians Take Sweet Revenge. Since the assault of Mrs. Ogletree at Saffold, Early county, Ky., on the 20th, hunting parties have been out in search of the criminals. A Negroe appeared at an old darkey's house, near Brinson, Ga., and asked to be harbored. The old man went to Brinson with the nformation. A posse returned with him and captured the Negro, who gave his name as Louis Sammin. The man was taken to Saffold, where he was identified by Mr. and Mrs. Ogletree as one of their assailants. He said there were eight Negroes in his gang, and that they came from Augusta, and he also informed them that two of the gang were not far away. One portion of the mob went in persuit of those two, while the others of the mob hung Sammin and riddled his body. The other two Negroes were overtaken, shot and scalped, and a party took their scalps to Safford in the evening.

A dispatch from Tallulah, La., says that six Italians were lynched there on the evening of the 20th. On the day of the trouble Dr. Hodges, a prominent physician of the village, quarreled with an Italian. The latter secured a shotgun and mortally wounded the doctor. The shooting created intense excitement. A mob captured the would-be assassin and five of his friends, strung them up to trees, and filled their bodies with buckshot.

Trouble in Belgrade.

According to a Rome correspondent absolute confirmation has been obtained that ex-King Milan, of Servia, himself planned the recent alleged attempt on his life, for political purposes. The correspondent also says that the Austrian government has decided to invite Milan to voluntarily exile himself from Servia in order to prevent further trouble. In Belgrade a reign of terror is said to prevail Milan taking advantage of the opportunity to imprison many of his political enemies for alleged complicity in plots to put an end to his career.

IT ENDED HER TROUBLE.

"I never courted newspaper notoriety, yet I am not afraid to speak a good word for your 'Favorite Prescription' and 'Pleasant Pellets.' Over a year ago I suffered terribly for nearly four weeks with prolapsus and weakness. After using one bottle of 'Favorite Prescripusing one bottle of 'Favorite Prescrip-tion' and one of 'Pellets,' I was a well woman. I have taken no medicine since and have had no symptoms of my former trouble."—Mrs. E. A Keene, Coshocton Co., Ohio.

"Bob" Ingersoll Dropped Dead.

Robert G. Ingersoll, the famous agnostic, lawyer and orator, was struck dead at his summer home in Dobbs Ferry, N. Y., on the afternoon of the 21st. Mr. Ingersoll had only been at his Dobbs Ferry home two days when he was stricken down. The morning of the day on which he died was spent in his room and shortly before he was stricken down his wife offered to have his luncheon sent up to him so that he would not have to walk down stairs to the dining room below. He laughingly replied that while he did not feel quite as young as he used to, he guessed he was not yet an invalid, and he would go down with the others. As he finished speaking he attempted to rise and fell back into his chair dead. Deceased was born in Dresden, N. Y., August 11, 1833; was the son of a Congregational minister, and although he has always been called an infidel, he was not a disbeliever in God. Heart disease was the cause of his sudden demise.

Mrs. Maybrick Will Not be Pardoned.

The friends of Mrs. Florence Maybrick, the alleged murderer of her husband, have for some time past been trying to obtain her release from the English prison, but all efforts have been blasted. It will be remembered that 10 years ago the woman was convicted of the crime on no evidence of guilt and sentenced to death by an English jury. Upon a petition signed by 500,000 persons, mostly American men and women, her sentence was commuted from death to life imprisonment. During her 10 years confine-ment in jail her friends have several times tried to secure her release. Vigorous efforts were recently made by Joseph Choate, the American ambassador in London, to secure her release, but the decision in the house of commons on the 24th, in which it was held that there was no reason for clemency in Mrs. Maybrick's case, seems to be a final blow to her friends. Mrs. Maybrick is now 37 years old, and her native home is Mobile, Ala.

Reciprocity Treaty Signed.

The long-pending negotiations be-tween the United States and France were brought to a successful close at the state department late on the afternoon of the 24th, when Ambassador Cambon, in behalf of France, and Com. Kasson, in behalf of the United States affixed their signatures to the reciprocity treaty. It is by far the most important treaty concluded under the reciprocity provisions of the Dingley law and the only one affecting the trade with a large commercial nation. The negotiations were marked by rather sharp and long continued discussions, which continued up to the time the signatures were places on the document. In the end a spirit of compromise prevailed and each side yielded something. As a whole both sides express satisfaction with the general results secured, for while the compromise necessitated some minor sacrifices the general effect of the treaty will encourage commerce between the two

The government, however, Mr. Chamberlain added, observed that the volksraad has still retained a number of conditions that might be interpreted so as to take with one hand what was given by the
